*All data tested by Xiaomi Internal Labs, actual results may vary.
*Refresh rate can be adjusted to up to 120Hz for supported apps.
*Circadian Friendly feature may be available via OTA update.
*Configurations available may differ between different regions.
 Available RAM and storage are less than the total memory due to storage of the operating system and software pre-installed on the device.
*6GB RAM with Memory extension is based on 3GB RAM version, 8GB RAM with Memory extension is based on 4GB RAM version. Additional RAM will occupy a corresponding amount of
 ROM storage. Memory extension is only available when there is enough storage space on your device. Actual extension of RAM storage capacity varies across different models.
