Xiaomi HyperOS 2

[1] Battery typical capacity is 6580mAh.

[2] The device is certified to be water and dust resistant exclusively under specific laboratory conditions not corresponding to normal use conditions. The warranty does not cover liquid damage caused by conditions other than test conditions. Ingress protection might deteriorate due to wear and tear, physical damage and/or disassembly needed for repair. For more information, please see Xiaomi official website.

[3] Availability of AI features may vary based on region. Please check official website for more information.

[4] Results are for illustrative purposes only and may vary. Check responses. Setup required. Compatibility and availability varies. 18+. Google and Gemini are trademarks of Google LLC.

[5] Google and Android are trademarks of Google LLC. Available on select devices and internet connection required. Works on compatible apps and surfaces. Result may vary depending on visual matches. Check responses for accuracy.

[6] Some of the AI Creativity Assistant features require internet connection, and may vary by system software and Gallery Editor app versions. Please refer to actual use experience.

[7] The term "Titanium Color" refers solely to the product's color and surface appearance. It does not indicate that the product contains titanium or titanium alloy materials.

[8] Please consult the local seller on the availability of the power adapter in the box.

[9] Data compared with REDMI Note 14 Pro 5G. Actual effects may vary due to software and scenarios, please refer to the actual use.

[10] Wi-Fi 6 capability may vary based on regional availability and local network support.

*All data tested by Xiaomi Internal Labs, actual results may vary.

*Available storage and RAM are less than the total memory due to storage of operating system and software pre-installed on the device.
